That they claim the Germans lost 380,000 men in the Galician campaign and the Austrians almost as many. ELIJAH CAVITT BEHIND THE BARS

Arrested by Sheriff Nunn and Posse Near Franklin and Brought To Bryan.

Yesterday afternoon Sheriff Nunn got wind that Elijah Cavitt, the negro charged with killing a negro woman at Boonville a week ago, was somewhere in the Wheelock community. Taking his son Roy Nunn, City Marshal Conlee and Lee Josey, the party proceeded by automobile to the home of George Dunn, near Wheelock, where they were joined by Mr. Dunn and Charley Brown.

A search of the Wheelock country was made but no trace of him was found. Later the party learned that a stray negro was seen up nearer Franklin on Saturday night and the description of the negro suited exactly for Cavitt. As the party proceeded they secured further information and finally located the farm on which the negro was said to be working. They proceeded to the home of the farm owner and he told them the negro was there and sent his son with them to the negro house on the place where the negro was stopping so no mistake would be made and the hunted party escape in the confusion.

Cavitt was sleeping on a cot on the gallery and when the sheriff and posse came near the house the dogs barked and the negro woke. Seeing the sheriff and his men, the negro ran screaming into the house thinking a mob of negroes was after him to hang him. He made no effort to put up a fight and came right out when ordered to do so. The arrest was made at 1 o'clock this morning and the party returned to Bryan with the prisoner at once.

Cavitt is a young negro and has no particular mean or criminal look about him. He will be held pending his examining trial which has not yet been set.

WILD RUMORS IN NEW REVOLUTION

Washington Hears That Citizens of at Least One Belligerent Was Backing Huerta.

[By Associated Press.]
Washington, June 29.—Rumors that citizens of at least one of the European belligerents were among the foreign backers of the alleged Huerta revolution was heard here today. There is no confirmation.

United States District Attorney Camp in San Antonio in charge of the Federal district where the Huerta hearing will be held, announced today that no more arrests of Mexicans were expected in his district until after the Huerta hearing on Thursday and perhaps not then.

At least fifteen former Mexican generals have been in El Paso within the past few days.

Huerta's followers seem to believe the United States interference will not stop the new revolution.
